THE RISING STARS FOOTBALL CLUB ETHOS

The Rising Stars Football club represents a modern, child-friendly approach to youth football, challenging the leagues win-at-all-costs mentality that has previously been stifling development and enjoyment for children.

Player development is the primary objective at the Rising Stars Football club. When children and coaches are being judged on results and league position, the development of each child becomes secondary. We ensure that children can fall in love with the beautiful game in a safe, and nurturing environment which meets their needs.

Specialising in developing primary school-aged children, we offer mixed gender football clubs as well as Girl's only clubs. Children receive a rounded football education that not only focuses on their physical and technical development but also the psychological and social elements for players.

We have created a pathway for children to progress through our football club and be challenged each step of the way. Innovative training sessions sit at the core of our offerings and we add structured competitive fixtures against selected clubs.

OUR SESSION STRUCTURE

The Rising Stars coaching philosophy is heavily influenced by the FA's mini soccer programme as well as European and worldwide training methods that place a key emphasis on ball mastery.

The session structure below shall be followed by our lead coaches:

- ◇ Warm up
- ◇ Technical Drills
- ◇ Game Based Drills
- ◇ Small Sided Games
- ◇ Presentation

Each session ends with a club presentation where coaches award medals to 'STAR' players of the day. It is important for players to be recognized for outstanding contribution and improvements, and for team mates to celebrate the success of others.
